Dear Neighbourhood Plan Working Group

In your letter of 27 June 2017 when discussing Local Green Spaces (Point 3) the Parish Council refers to "...analysis of the sites' characteristics set against detailed guidance issued by the local authority....". Having now visited the village the Examiner would be grateful if you would provide him with this information. He is particularly interested in the analysis of these sites against the criteria set out in paragraph 77 of the Framework. It would also be useful if you would provide details of the size of these sites in hectares.

May I have the response to the above by 1<sup>st</sup> August 2017 please?

In the interests of transparency, may I also prevail upon you to ensure a copy of both this letter and the respective response (in due course) are placed on the relevant Parish and District Council websites?

Thank you in advance for your assistance.

Your sincerely

*Robert Yuille*
